

Medication Therapy Management Program

Overview

As a member in our Medicare plan, you may be eligible for participation in a Medication Therapy Management Program. This program is designed to improve your medication use, reduce the risk of adverse drug reactions, increase compliance with your medications, and ensure you are on the most appropriate and cost effective therapy.

Eligibility

In order to be eligible for the Medication Therapy Management Program, you must meet all of the following criteria:

- You must have at least 3 chronic medical conditions
- You must be routinely taking at least 7 or more maintenance (chronic) Part D covered drugs
- You must be likely to incur an annual drug expenditure of at least \$3,100.20 for all covered Part D medications

Program Details

Once you meet eligibility requirements, you are automatically enrolled in the Medication Therapy Management Program and will receive an explanatory letter. You are eligible to receive a one-on-one Comprehensive Medication Review by telephone with a clinical pharmacist or an intern under the supervision of a pharmacist to review all your medications and identify any concerns. You will be mailed a medication list after this one-on-one session. Pharmacists will then review your medications at least every three months thereafter to identify new or unresolved medication issues. Based on these communications and reviews, you may receive additional written materials. Your physician may also be made aware of any concerns. This program is available at no cost to you.

Your participation in the Medication Therapy Management Program is voluntary. Once you meet the specified criteria noted above, you will be automatically enrolled. However, you may choose to opt-out if you wish not to participate. If you do choose to participate, you will remain enrolled through the calendar year. You may participate in the Medication Therapy Management Program every year that you meet the eligibility requirements.

For additional information, please contact Network Health Insurance Corporation Customer Service at 1-800-378-5234. TTY users call 1-800-947-3529. We are happy to take your calls from 8:00 AM – 8:00 PM, Monday through Friday.
